

Prague, Czech Republic  
December 11, 2014

Dear Colleagues and Partners,

The Center for Economic Research and Graduate Education – Economics Institute (CERGE-EI), a joint workplace of Charles University in Prague and the Economics Institute of the Academy of Sciences of the Czech Republic, is a unique partnership designed to promote modern education and research in economics. We offer various opportunities for talented students who are interested in economics and would very much appreciate if you could put the enclosed posters and leaflets on your university notice board or distribute them to your students in a different way.

- 1) We would like to invite your students to participate in the **New Economic Talent 2015 Competition**. This international competition is open to bachelor's and master's students in any field as well as recent graduates (up to two years after graduation). The competition has two rounds and selected finalists are invited to present their paper in Prague. Applicants submit a complete paper on a topic in any sub-field of Economics, broadly defined. The **deadline for submissions is February 28, 2015**.
- 2) For students interested in pursuing further economic studies, we offer two graduate study programs – **Master of Arts in Applied Economics** and **PhD in Economics**, both Western-style programs are taught entirely in English. We believe that CERGE-EI represents an attractive and valuable educational option for students who consider studying abroad.

Feel free to contact us if you would like to find out more about CERGE-EI and opportunities for your students.

Thank you for your cooperation!

Best regards,

Maya Kopecká
